Lesson Structure

Each class will be led by one of the founders of Bradley Tuition or an experienced qualified teacher. The lessons are 2.5 hours long. In each class there will be 14 students, 1 qualified teacher and 2 additional support staff. The structure of each lesson is explained below:

Part 1 (65 minute teacher-led lesson) - During the first 65 minutes of the lesson, we review last week's homework topics. We will recap the techniques and review some of the trickiest questions to ensure everyone has a good understanding.

Part 2 (15-20 minute active learning break) - The break in the middle of the two main parts of the lesson will see the children get up and get active by playing games that will include a learning focus.

Part 3 (65 minute teacher-led lesson) - In this part of the lesson, we will teach the children a range of new topics. We will show them the techniques and methods required to master each of these topics and we will work through several example questions together, until each child is confident.

Homework

The children's homework for the week will then be focused on the new topics covered in the final part of the lesson. Children will also have reading, vocabulary and comprehension homework to complete, every week. The homework is expected to take 3-4 hours to complete each week.

Course Fee

The course fee is £1930. A non-refundable deposit of £250 is payable to secure your child's place on the course. 8 monthly instalments of £210 are then payable on the first of every month from 01/11/24 to 01/06/25.
